PETER COPP'S A NEW ROLE

Former project manager Peter Copp has been promoted to Projects Group Manager at Brierley Hill based Davicon, the UK's leading mezzanine floor manufacturer.

Peter, who has worked for Davicon for the last 2½ years will be responsible for the day to day running of the projects office and will continue his work on product development.

He says "I am looking forward to the combined challenge of further improving the great customer service from our expanding, dedicated team of Project Managers whilst at the same time developing and enhancing our products to ensure they continue to meet and hopefully exceed our customer's expectations."

With a history of 10 years in his previous position as a Technical Director at midlands company Redman Fisher, he was responsible for technical staff and all areas of product development.

Peter takes over from Peter Watson, new General Manager, said "Peter's overall technical and practical experience and in depth of knowledge of Advance Steel over the last 20 years will be of great benefit to Davicon."
